
Lisa C. DeDonder

Lisa has been serving the professional and personal needs of veterinarians since 1997. Lisa and Greg Keal have been endorsed by both the Kansas Vet. Medical Assoc., and the Missouri Vet. Medical Assoc. for full financial services since 1998. Since that time Lisa has focused on getting to know the profession by spending time at the universities, conventions, and by sponsoring local Board of Examiners meetings. She also works with a network of attorneys and CPAs to ensure that she is able to act as a complete central resource to assist veterinarians in all aspects of their practice and their personal needs. Lisa and Greg continue to offer new services to the profession.

Veterinary Financial Services is a separate company, and is not affiliated w/ Main Street Securities, except for a broker dealer relationship to process securities transactions.
